

LANGUAGE FUNDAMENTALS

PRINT AND PRINTLN

1

Does the `println` method automatically move to the next line after printing?

True

False

2

Does the `print` method automatically move to the next line after printing?

True

False

3

Which method automatically moves to the next line after printing?

println

print

4

For the statement

'System.out.println("Hello");', how many lines of output will be generated?

1

2

0

5

For the statement

'System.out.print("Hello");', how many lines of output will be generated?

1

2

0

6

What is the output of the following code?

System.out.print("Hello ");

System.out.println("World");

Hello

World

Hello World

World

Hello

World Hello

7

What happens if you don't include a newline character `\\n` in `print()`?

The text prints on the same line.

The text prints on the next line.

The program throws an error.

It depends on the operating system.

8

How many times will the following code print "Java"?

System.out.print("Java");

System.out.print("Java");

System.out.println("Java");

A

1

B

2

C

3

D

4

9

What is the output of the following code?

System.out.println("A");

System.out.print("B");

System.out.print("C");

System.out.println("D");

A

BCD

A

B

C

D

ABCD

ABCD

10

Which method is used to ensure that the cursor moves to a new line after each output in Java?

print()

println()

printf()

output()

11

*What is the behavior of
`System.out.print("A\nB");`?*

*A
B*

AB

AB

Compilation error

12

How many lines will the following code print?

System.out.println("Line1");

System.out.print("Line2");

System.out.print("Line3");

System.out.println("Line4");

A

2

B

3

C

4

D

1

13

Which method is preferred when you need to print multiple items on the same line?

A

println()

B

print()

C

Both are the same

D

Neither

14

What is the output of the following code?

System.out.print("First");

System.out.println();

System.out.println("Second");

A

First

Second

B

'FirstSecond'

C

First

Second

D

'First Second'

15

What will be printed if this code is executed?

System.out.println();

System.out.println("Java");

System.out.println();

Java

Java

Empty lines followed by "Java"

Java followed by empty lines
